

There's a building quite close to you where
Many murders have been committed.
Secret agents have been found there,
aliens have invaded, love has conquered,
Several wars have been fought, rings of
Power have been hidden, witches have
Been burned and great lives have been lived.

If you haven't discovered your local library,
you're missing out on a whole universe of
imagination, adventure and knowledge ...
And they have newspapers,
magazines and DVDs too!
Libraries are really so wonderful
that it's quite easy to forget they're there.
